

MST, Fiber Optic Multiport Service Terminal, 8-port, long 2xN port, dielectric flat loose tube cable, 1100 ft

- Hardened connectors are factory-terminated and environmentally sealed for use in optical drop cable deployments
- Plug and play adapter ports ensure rapid cable installment in the outside plant access section of the network
- Multiport Service Terminals incorporate hardened connector technology that is designed to withstand the rugged outside plant environment

#### Alternative products available:

HST-B8HNA1100NN000 HST, NOVUX<sup>™</sup> Hardened Standard Terminal, 8-port, Dielectric flat loose tube cable, 1100 ft/335 m

#### Product Classification

| Regional Availability  | Asia   Latin America   North America  |
|------------------------|---------------------------------------|
| Product Type           | Access terminal, without splitter/tap |
| Product Series         | MST                                   |
| General Specifications |                                       |
| Cable Type             | Dielectric - Flat - Loose Tube        |
| Cable, quantity        | 1                                     |
| Distribution Type      | 8 ports                               |
| Enclosure Color        | Black                                 |
| Mounting               | Handhole   Pedestal   Pole   Strand   |
| Port Type              | Hardened full-size SC/APC             |
| Port, quantity         | 8                                     |
| Splitter, quantity     | 0                                     |
| Stub Type              | Stub tail                             |
| Dimensions             |                                       |
| Height                 | 414.5 mm   16.319 in                  |
| Width                  | 129.5 mm   5.098 in                   |
| Depth                  | 84.1 mm   3.311 in                    |
