

860666746 | Monopole for Small Cell and Macro Cell Deployments

Monopole that accomodates Small Cell equipment and Smart City devices

Introducing ANDREW Monopoles: Revolutionizing Wireless Communication Infrastructure

Experience the next level of wireless communication infrastructure with ANDREW Monopoles. Our monopole towers are engineered to meet the evolving needs of modern telecommunications networks, providing unmatched reliability, efficiency, and aesthetic appeal.

Designed with precision and built to last, ANDREW Monopoles offer a robust and secure platform for supporting cellular antennas and equipment. Our towers utilize high-quality materials, ensuring exceptional structural integrity and stability even in challenging environmental conditions. With heights ranging from 20' to 200', our monopoles cater to various coverage requirements, making them ideal for urban, suburban, and rural deployments.

What sets ANDREW Monopoles apart is the “**whole package**” opportunity we offer. Our customers have to opportunity to not only source a monopole but to be able to secure the mounts, antennas, cabling and accessories, allon one order maximizing install efficiency as all the core parts of a site arrive together reducing costly re-deployments.

Our team of expert engineers and designers works closely with you, engaging in a collaborative partnership to understand your specific requirements. We value your insights and involve you in every step of the design journey, ensuring that our monopole solutions are tailor-made to meet your exact needs.

With a strong commitment to innovation, ANDREW is at the forefront of shaping the future of wireless communication infrastructure. Our Monopoles combine advanced engineering expertise, industry-leading technology, and a customer-centric approach, offering unrivaled solutions that meet the demands of today's connectivity-driven world.

Unlock the power of your wireless infrastructure with ANDREW Monopoles. Join us in revolutionizing the way we connect and communicate, ensuring a world where seamless connectivity is a reality for all. Contact us today to discover how our innovative monopole solutions can transform your wireless network.

Available in United States and Canada built to TIA, ASTM, AISC, and CWG standards.

Product Classification

Product Type	Monopole
Product Brand	Metro Cell
Ordering Note	ANDREW® standard product with terms
Warranty	One year

General Specifications

Color	Galvanized
Compatible Foundation Type	Poured Concrete

860666746 | Monopole for Small Cell and Macro Cell Deployments

Compatible Smart Devices

Cameras | Digital Signage | Emergency Call Station | Environmental Monitoring | Security Lighting | WIFI

Dimensions

Pole Height Options

15.24 m | 50 ft | 18.288 m | 60 ft | 21.336 m | 70 ft | 24.384 m | 80 ft | 27.432 m | 90 ft | 30.48 m | 100 ft | 33.528 m | 110 ft | 36.576 m | 120 ft | 39.624 m | 130 ft | 42.672 m | 140 ft | 45.72 m | 150 ft | 48.768 m | 160 ft | 51.816 m | 170 ft | 54.864 m | 180 ft | 57.912 m | 190 ft | 60.96 m | 200 ft
