Cold Shrink Kits for Coaxial Connections

Product Classification
Product Type
Cold shrink kit

General Specifications
Application
Provides additional moisture seal for cable connections
Color
Black

Material Specifications
Material Type
EPDM rubber

Environmental Specifications
UV Resistance Test Method
UV condensation reference ASTM-G-53, light source UVA 340 fluorescent lamp
UV Resistance, minimum with no degradation
\( \geq 1000 \) hours
Weather Resistance Test Method
04AS00-03.6.0 | MIL-STD-1344A, Method 1002
